thoroughbred horse handicapping and wagering using the holy bible of horse racing is a book that contains a primer for folks that do not know much about thoroughbred horse racing in addition it provides a methodology for picking horses that will most likely finish second or better in races that are qualified for wagering it then describes different approaches to wagering there are what i call another section which i call special conditions that prompt special attention and will provide an avenue for win place show bets across the board as well as some short stories of the some of the real characters i have met while playing the ponies

my background i graduated from university with a computer science degree many years ago when a degree meant something i was always interested in horse racing and was fascinated in solving the uk horse racing form puzzle i started my own computer business in my early 20 s where i made good money and travelled across europe it was at this point in my life i decided to start a horse tipping business where i had weekly full page colour adverts in the racing post at 2k per advert and offices i left the running of this horse tipping business to staff who were responsible for all parts of the business while i concentrated on my computer business in my late 30 s around 1990 i decided to use my computer skills to computerise and model uk horse racing form using a database built with 10 years of detailed horse racing form it was over a period of 2 years that i concentrated my efforts on uk handicap races in conjunction with the betting exchange betfair this is where i believed maximum profit could be gained the computer model allowed me to process 100 s of handicap races per day and then formulate my system tweeking a horse s weight and bhb or official rating i must confess this was a difficult puzzle to crack even with a computer program that i wrote to crunch the data i eventually found the correct weight and bhb rating for a horse based on it s last performances in handicap races this ebook outlines this system and can be manually applied easily using the racing post on the internet punter s can be fickle people which 95 of them have no understanding of horse form and probability if you can back horses at higher prices then you will make money i regularly back horses that have a starting price of 2 1 and get 10 1 most punters want winners everyday regardless of the price and the horse s real chance of winning that race this is where the bookmakers clean up

how can you find the dark horse that will be lightly bet and pay off handsomely dr quirin offers brand new approaches to picking winning horses by going beyond the usual speed handicapping methods to incorporate pace trip and other factors for beginners and experienced players alike

make money in thoroughbred racing now no more putting out money with no return marino specogna outlines the steps to become a consistent winner as an owner and a handicapper learn to never claim a losing horse and learn how to find that special claimer that will continually take you to the winner s circle training and jockey secrets are exposed allowing the beginner or pro handicapper to pick consistent winners this is a complete thoroughbred horse guide to claiming winners and claiming unknown superstars outlining breeding and handicapping basics and most importantly finding the right trainer for you ever wonder what a proper feed program is for a horse how about the type of steroid program to turn an average horse into a winning athlete or why do the same people continually end up in the winners circle learn these secrets and more learn from the author who claimed a 10 000 filly then four months later ran her in a 225 000 breeders cup race and in a five month span made over 150 000 learn the secrets to consistently claim winners if you want to keep losing money do not buy the book if you want to become a winner and stay at the top you will keep this book with you at all times learn how to find your winner today

this second edition is bigger and better then ever it presents 50 essays its author considers to represent the field of racing at its best and brightest

the handicapper s reference guide series interweaves some of the best books and methods used in thoroughbred horse racing for any level of play the goal of the handicapper s reference guide volume ii computerized handicapping is to inform handicappers of thoroughbred computerized software i

have cited many thoroughbred authors plus i have done all the work for you use the handicapper s reference guide series as a tool for you to handicap the races of your choice use computerized handicapping start winning big and cash in at the track good luck at the track commodore springs jr b a psychology information systems specialist

quarter horse racing may seem difficult to handicap especially for those who are accustomed to thoroughbred handicapping but in this book by las vegas based handicapper ken osterman the difficulty melts away inside this book are a variety of approaches to quarter horse handicapping systems angles and spot plays that are both clever and innovative the rules of the handicapping angles in this book are clearly explained and easy to use included in this book are an in depth approach to handicapping maiden claiming races the best way to compute class for two and three year old races a unique class rating for older horses that are uses with several of these angles a parallel time chart to aid in comparing final times at different distances most of these systems are for picking winners on the straightaway but there are two separate systems for 870 yard races one for winners and one for maiden races all you need to use this book are the past performances and with a few of these angles perhaps a simple calculator these angles have been shown to be effective at all of the major quarter horse tracks in the united states

includes part 1 number 1 books and pamphlets including serials and contributions to periodicals january june

former santa anita handicapper and author paul lambrakis offers up a fresh new approach to horse race analysis paul tells readers that in order to handicap more effectively and get better prices they must eliminate the speed figures from their handicapping according to paul who has been handicapping for over thirty five years the speed figures have never delivered on what they set out to do years ago what they deliver is disappointment and short prices paul s method of horse race analysis is practical and straightforward he tells you what areas of the past performances to focus on and what to look for paul will also reveal to you the one area of the pp s that most handicappers overlook it is here where you will find valuable clues to help you spot those higher paying horses innovative horse race handicapping is tailor made for handicapping all the major us racetracks

the first weekend at the track after reading your book handicapping secrets of the horse racing fanatic i won 2 600 00 thanks for all the great info r kelley los angeles ca initially i was looking for the plays on the pick six but actually evaluated them last i would almost swear that i was privileged to look at an experienced horse player s soul i believe this material needs more than reading it should be studied and practiced the author is certainly knowledgeable about the secrets of winning for any serious horse player who is self taught or those who aspire to collect money from the race tracks armed with just these techniques a loser could become a winner i would heartily endorse this author thank you again jerry smiley nv great book with tremendous insight to thoroughbred handicapping and wagering janishrj gordon easton s pick six formulas and other betting strategies are quite literally worth a fortune to any serious fan of horse racing add in the rest of the handicapping expertise he has picked up along the way and you have a resource that no one who plays the ponies can afford to be without recommended without reservation jay m arlington va i failed to mention how informative the book you sent me is even with over 40 yrs of experience i learned things about racing that i more than likely did not know or just plain forgot about it s a good book don oerlemans westville nj very well written

and and super informative book a k f great handicapping book for any horseracing fan bettyjean4771 solid info and systems ciolek75 very informative easy to master thanks a t good and interesting info for any handicapper thanks c t good tips and angles i haven t thought of before pick 6 strategies are great j k very interesting book the stats alone are incredible a j j good insight to handicapping horses g d what makes handicapping secrets of the horse racing fanatic your absolute best bet to put more money in your pocket when wagering at the track it s not just master handicapper gordon easton s four decades worth of powerful and proven betting systems spot plays and long shot picking secrets all brought together in one book for the first time anywhere what s sets this book apart from all the rest is that retired mathematics professor gordon easton is a mathematical genius specializing in numbers probability theory who gives his readers a complete set of plug and play betting formulas that will let you cover more horses and results for every dollar you bet shaving the odds in your favor for example most people never win a pick six because they don t have the hundreds of dollars needed to put a lot of horses on a single ticket they will bet many 2 tickets instead they could end up with several tickets with 3 or 4 winners but none with 5 or 6 for the big win but by using gordon s formulas you are guaranteed to line up at least five winners on one ticket if you get a winner in each race you ll also have a decent chance at getting a pick six without spending a fortune for example pick six formula 1 covers 4 horses in 1 race 3 horses in 3 races and 2 singles your most likely winners to put all of these horses on one ticket would cost you 216 using gordon s formula you can do this for only 24 with the guarantee of 5 or 6 winners on one ticket if you have a winner in each race there is no other place on the planet you can find this kind of incredibly valuable knowledge

in this book by sports and horse racing handicapper ken osterman he focuses exclusively on thoroughbred handicapping and has put down in writing the one system he uses at race books throughout las vegas nevada he has given this method the audacious title of the most powerful system ever devised for thoroughbred race betting in many ways it is the most powerful method because it is based upon solid mathematics and statistics it can also be applied at any track at any distance for winning horses three year old and upward carded at any track in the united states or canada this method can be used as a handicapping system all by itself but what makes it even more attractive as a handicapping method is that it fits with other methods you can use this method first and then apply your favorite handicapping approach to the remainder of the field alternatively you can do the opposite and start with your handicapping approach after finding what you believe to be the winner of the race you can then apply this method to your choice this will give your selection greater validity and strength or it may give you a reality check by pointing out the weakness of your choice along with the title method there are a wide range of spot plays angles in this book covering claiming races sprints speed turf maiden races two year old races long shot methods beaten favorites and other categories the following are the titles for each spot play in the book the new low claiming price angle the b6 sprint system for thoroughbreds bet the fastest horse the route speed method class on the turf three strikes and you re out a maiden claiming route angle first time maiden claiming the speed and earnings method best jockey two race declines a beaten favorite system twice beaten favorites the previous odds angle the sleeper horse the 4 1 2 furlong race system tote board magic tote board magic ii betting favorites using the modified d alembert betting method

the book was written for all of you who watch horse racing only to find themselves lost wanting to know more about the sport but not knowing where to begin perhaps you re a regular race watcher who

ends up spending all of their time explaining the sport to their accompanying friends and loved ones it is not like you don't want them sharing in the enjoyment of a sport you love but how many questions can you really answer or you may be someone who just visits the track for those special race days you want to go more often but just don't know how to learn more about this great sport this book may just be the help you're looking for as it offers a unique perspective on how to enjoy horse racing by the end of our lively and amusing discussion on how to handicap with your head eyes blood gut heart and by your tail the reader will be able to converse comfortably on any of the sport's diverse aspects most importantly they will learn how to have fun at the track

relive the year 2017 in horse racing in words and photos with this companion book to the anatomy of horse race handicapping or how to have fun at the track arrogate's victory in the first ever pegasus cup always dreaming's win in the kentucky derby gun runner's string of victories culminating with the breeders cup classic on his way to being horse of the year fillies like songbird lady eli forever unbridled and others are beautifully chronicled and their excited races relived

this better's guide to handicapping racehorses teaches horse players how to use all the available information to form their own system explains the advantages and drawbacks in current popular handicapping methods

a powerful new approach for handicapping thoroughbred races in publication for the first time for the beginning horseplayer this approach provides intuitive and proven strategies for developing a solid betting strategy rank analysis handicapping will enable the experienced horseplayer to combine the power of multiple handicapping strategies whether you are a fan of sartin beyer cramer davidowitz quinn or quirin rank analysis handicapping will bring them all together enabling you to handicap races and not just individual horses rank analysis handicapping avoids excessive number crunching and is intuitive and quick to apply quickly create whole race summaries in an easy to learn shorthand notation that let you develop lean betting strategies for exactas and trifectas perhaps most important of all clearly see when it is best to pass on a race tips and strategies include criteria for selecting longshots and longshot betting strategy an easy way to estimate trifecta payouts without a calculator 21 000 words illustrated throughout with an index to key tables and figures
