J. R. Lemaster and Mary Washington Clarke have here assembled a distinguished collection of essays on the works of Jesse Stuart, a prolific writer. Stuart is at home in many different genres: his poetry, his short stories, his novels, and his autobiographical writings are widely known, and his books for children have enjoyed great popularity. Despite the variety of his work and despite the diversity of the ten essayists' points of view, there emerges from this volume a consistent view of a man whose close contact with the land and the people of his region has produced a distinctive body of writing. H. Edward Richardson offers us a glimpse of Jesse Stuart at home, freely and earnestly discussing his work and relating it to the scenes about him. This essay forms a background for the other contributors' discussions of Stuart's humor, his use of folklore, and his persistent agrarian point of view. This, the first collection of all new critical essays on Stuart's writings, succeeds admirably in what criticism is supposed to do: making more accessible the important work of a significant writer.

There is a wealth of published literature in English by Latin American women writers, but such material can be difficult to locate due to the lack of available bibliographic resources. In addition, the various types of published narrative—short stories, novels, novellas, autobiographies, and biographies—by Latin American women writers has increased significantly in the last ten to fifteen years. To address the lack of bibliographic resources, Kathy Leonard has compiled *Latin American Women Writers: A Resource Guide to Titles in English*. This reference includes all forms of narrative: short story, autobiography, novel, novel excerpt, and others by Latin American women dating from 1898 to 2007. More than 3,000 individual titles are included by more than 500 authors. This includes nearly 200 anthologies, more than 100 autobiographies, biographies, or other narrative, and almost 250 novels written by more than 100 authors from 16 different countries. For the purposes of this bibliography, authors who were born in Latin America and either continue to live there or have immigrated to the United States are included. Also, titles of pieces are listed as originally written in either Spanish or Portuguese; if the book was originally written in English, a phrase to that effect is included to better reflect the linguistic diversity of narrative. Currently being published, this volume contains seven indexes: authors by country of origin, authors' titles of work, titles of work, authors' autobiographies, biographies, and other narrative, anthologies, novels, and novellas in alphabetical order by author, and novels and novellas by authors' country of origin. Reflecting the increase in literary production and the facilitation of materials, this volume contains a comprehensive listing of narrative pieces in English by Latin American women writers not found in any other single volume currently on the market. This work of reference will be of special interest to scholars, students, and instructors interested in narrative.
